

Museum of Discovery
Minecraft Summer Camp
Educator
Job Description

Job Summary: Plan and prepare our Minecraft camps in May and execute them throughout June and July. This position requires knowledge of the Minecraft game as well as managing a network of computers. We are looking for an educator with teaching experience and excellent classroom management skills. We will have up to 18 campers each week and in age ranges from 7 to 13 years old. A strong candidate will be comfortable around technology and able to independently troubleshoot computer issues.

Department: Program Department

Reports to: Program Director

Education: In pursuit of or have obtained a bachelor's degree in computer science, biology, zoology, chemistry, physics, engineering, theater, science education or related field.

Preferred Experience: In-depth knowledge of the Minecraft game, able to troubleshoot computer issues, classroom management skills and teaching experience. Interpersonal skills and a high level of initiative are a must. Camp experience is a plus.

Workplace Values:

We are looking for employees who exemplify our company values:

- Imagination* – We are dedicated to providing an experience that fosters imagination and ignites passion.
- Growth* – We are passionate about training our employees and recognizing the uniqueness of everyone.
- Neighborly* – We strive for positive relationships, where everyone does their part to make them successful.
- Integrity* – We adhere to the highest moral and ethical standards in all that we say and do.
- Teamwork* – We are a diverse but unified team, working together to achieve excellence in all that we do.
- Embracing Change* – We are always open to new ways to improve employee engagement.

Special Skills and Personal Attributes:

- Portrays an infectious enthusiasm and positive energy with campers, groups and visitors.
- Has an approachable personality in camps and when on the museum floor.
- Charismatic entertainment skills; can engage an audience with confidence; can present a wide variety of content to all ages.
- Strong written and verbal communication skills.
- Creative mind that seeks new information and knowledge to expand their understanding of the world.
- Attention to detail, especially when it comes to cleaning up after activities.
- Ability to work with a team as well as alone.

Job Responsibilities:

- Plan and facilitate our Minecraft camps throughout the summer.
- Manage the Minecraft network, computers, equipment and materials.

- Maintain a positive attitude while on the floor and interacting with visitors.
- When not in camp, present floor shows & educational programs.
 - Maintain floor demo and activity supplies, props, etc.
- Keep storage areas in order.
- Coordinate/assist with special events, mini-events, and special programming. Provide assistance during other museum events.
- Willing to work some evening events.
- General cleaning and tidying duties.
- Other duties as assigned.
